ARTICLE III

CONTINUATION OF CURRENT PRACTICES

Current practices relating to wages, hours and conditions of employment, not otherwise changed by this Agreement applicable to employees covered by this Agreement, shall continue to be in full force and effect, subject to such state, federal and municipal laws and regulations as from time to time are in full force and effect and applicable during the life of this Agreement, except as hereinafter provided in Article V (Grievance Procedure).

ARTICLE IV

ARTICLE V

GRIEVANCE PROCEDURE

- A. A grievance is a dispute concerning the interpretation or application of this Agreement. The purpose of the grievance procedure is to produce prompt and equitable solutions in an atmosphere of informality and confidentiality. Nothing herein shall prevent an individual teacher from presenting his grievance individually, subject to the limitation of the first paragraph of Level 4 and paragraph C.2.
- B. Grievances shall be processed as follows:
 - Level 1.** The grievance shall be presented orally to the appropriate principal or other immediate supervisor.
 - Level 2.** Within 7 school days after oral presentation at Level 1, an unresolved grievance shall be submitted in writing stating the specific contract violation(s) to the Superintendent or his designee, who shall meet with the employee and not more than 3 Association representatives within 10 school days after such submission. The Superintendent shall give his written answer within 5 school days after such meeting.

 2. If the arbitrator determines that any such “current practice” has been discontinued, the scope of arbitration shall be either of the following:
 - (A) If the arbitrator finds that the Committee attempted to negotiate in good faith prior to any such discontinuation, he shall decide the disposition of the case solely on its merits without regard to any presumption of continuation of such current practice under Article III or the limits of subsection b above.
 - (B) If the arbitrator finds that the Committee did not attempt to negotiate in good faith prior to any such discontinuation, he shall decide the disposition of the case as a normal question of contract interpretation involving Article III, within the limits of subsection b, above
- d. The arbitrator shall be without power to impose a personal financial obligation on any present or future member of the Committee.
- e. The arbitration award shall be final and binding on the Committee, the Association, and on individual employees.

C. General

 - b. submitted to the next higher step in the grievance procedure within the time limits specified therefore at each level. Such time limits may be extended by mutual agreement in writing.
 2. In any instance where an employee submits a grievance without Association representation, the Association shall have the right to be heard and to be present, and the resolution of the grievance shall be consistent with the terms of this Agreement.
 3. Grievances affecting a group or class of teachers or otherwise appropriate for direct submission at Level 2 may be so submitted in the discretion of the Association. In such event the Superintendent may invite the principal(s) involved to be present at the meeting with the individual and the Association representative.
 4. No reprisals against employees will be taken for filing grievances or for participating in the grievance procedure, nor shall any personnel record be maintained for any such purpose.
 5. In the event that a grievance cannot be processed outside of normal working hours, such grievance may be processed during regular working hours, provided that there is no interference with the assigned or scheduled duties of the personnel involved.
 6. Evidence newly discovered between levels will be presented to the person who heard the grievance at the earlier level. Such new evidence shall be presented at the earliest reasonable opportunity whenever possible in an effort to resolve the grievance prior to its being heard at the next level.

ARTICLE VI

TEACHER LICENSURE

It is the responsibility of the teacher to maintain appropriate licensure with the Commonwealth of Massachusetts Department of Education regarding his/her teaching assignment. Evidence of current appropriate licensure must be on file with the Superintendent in order to maintain employment with Reading Public Schools.

ARTICLE VII

PROFESSIONAL DEVELOPMENT AND IMPROVEMENT

- A. It is recognized that in our rapidly changing society teachers must constantly review curriculum content, teaching methods and materials, educational philosophy and goals, social changes, and other topics related to the quality of services in the classroom. There are many methods by which a teacher may improve his professional background. Courses taken at colleges and universities, travel, and individual study are all sources of professional improvement. Continued professional improvement is an integral part of being a professional teacher.
- B. Equitable distribution of vouchers will be insured by use of the following procedures in order of preference:
1. When a voucher is received from the college, the Superintendent or his designee will first notify the cooperating teacher in writing that he has fourteen (14) calendar days from the date of receipt of notification to claim the voucher.
 2. If the cooperating teacher does not claim the voucher, either by stating disinterest in writing or by allowing the fourteen days to elapse without claiming the voucher in writing, the Superintendent or his designee will make the voucher available, through the building principal, to a teacher in the cooperating grade or department in the building principal, and thence to any teacher in the building, for a similar period of time and under the same conditions.
 3. If the voucher is not claimed within thirty (30) days, it will be returned to the Superintendent. Monthly the Superintendent will publish a list of available vouchers with expiration dates to be posted in each school in the district. Teachers may apply for these vouchers at any time, the recipient will be chosen by lot.
 4. Any teacher wishing to claim more than one voucher per year may only do so if there are no other applications from teachers who have yet to claim a voucher
 5. Vouchers cannot be used in lieu of tuition reimbursement as provided elsewhere in this agreement.
- C. The Committee will pay the reasonable expenses including fees, lodging and transportation incurred by teachers who attend workshops, seminars, conferences, conventions or other professional improvement sessions and visiting days (including visits to other schools), at the request of or with the approval of the principal or immediate supervisor. All professional development requests need to have written preapproval of the principal or immediate supervisor. A consistent pattern of disapproval, at a particular school, of teacher attendance at workshops, seminars, conferences, conventions, or other professional improvement sessions and visiting days, may be the subject of review by the Superintendent at the request of the RTA. The principal will be invited to participate.
- D. For the life of this agreement, there shall be a Technology Impact Committee comprised of 4 members of the RTA and 4 administrators. They will meet at the request of either party. The charge for this committee is to assess the impact technology has on teaching, student learning, school climate/culture, communication, and the professional day/work load of educators and administrators. This committee shall select two co-chairs from the existing membership, one

from the RTA and one administrator. If the Superintendent is not one of the members of this committee, he/she shall meet with this group at least yearly.

ARTICLE VIII

TEACHER WORK YEAR, HOURS, AND LOAD

A. Work Year

1. The work year for teachers shall start no earlier than the first Monday before Labor Day and end no later than the date dictated by current policy and past practice. The February and April vacation periods will remain unchanged from what is current policy and past practice.
2. The regular work year is defined as 185 days, including a total of up to five non-student contact days in combination before and during the student school year and at least 180 days with students. Two of the non-student contact days will be the 2 days prior to the first day of school for students. The others will be scheduled during the student calendar year. The schedule for these days will be directed by the Superintendent. Up to 185 days may be scheduled for students, with the understanding that days unused beyond the 181 days for students will be dropped at the end of the school year. If, as a result of cancellations, less than 180 days will be available for student attendance, sufficient additional days will be scheduled to provide 180 days of student attendance.
 - a. A joint labor management committee will be formed to review current professional development programs; provide input and planning on upcoming professional development programming; and create a functional evaluation tool to provide teacher/staff input regarding the professional development programming.
3. If the committee determines that the work week shall be other than the normal five (5) work days pursuant to Section B below, the work year shall not exceed 1295 hours (185x7).
4. Teachers who agree to be assigned by the Administration to work beyond the regular school year to fulfill the service delivery requirements of the Individualized Education Plan of a Special Education Student under the requirements of "substantial regression" will be paid for such work performed at their per diem rate based upon their salary schedule rate.

B. Work Week/Work Day

1. The regular work week for all teachers shall consist of 35 hours, which shall be five (5) days of seven (7) hours, Monday through Friday.
 - a. The regular work day of teachers will begin fifteen minutes before the starting time for students.
 - b. Each teacher will have a daily duty -free lunch period of at least one half-hour in length during the regular work day.

-
- c. Teachers recognize and accept the responsibility of providing adequate extra-help and make-up opportunities for their students and attending parent conferences when appropriate after the close of the regular work day at times mutually convenient to all parties to the meeting.
 - d. Each teacher is subject to assignments by the building principal to curriculum committees, study groups, building administrative groups, etc., and, as members of these committees and groups, they will contribute to the improvement of instruction in the schools. Teachers will ordinarily be expected to devote three afternoons per month to such activities. At least two afternoons a month will be dedicated to Professional Learning Community (PLC) time to enable grade level and curriculum collaboration among teaching staff. The PLC time will be coordinated with the building Principal, Curriculum Leaders and/or Department Heads.
 - e. The regular work day for Professional School Nurses shall consist of seven (7) hours per day. It is recognized, however, that the School Committee may adjust starting and finishing times of the school day provided that the span of consecutive hours in the regular work day for any Professional School Nurse is not increased.

As part of their regular professional responsibilities, nurses may have to work beyond the seven (7) hours in the regular work day to care for a sick pupil/staff member. In addition, as part of their regular professional responsibilities each nurse is subject to assignment by the building principal or Director of Nurses to committee assignments that may extend beyond the typical school day. In addition, as part of their regular professional responsibilities, nurses will offer a yearly CPR/AED course for faculty and staff.

When a nurse is assigned to teach a CPR/AED course for faculty and staff beyond the regular school day/school year, the nurse will be paid the curriculum rate.

- f. There is an expectation that elementary and middle school bargaining unit members will attend two school-wide night events each year and high school bargaining unit members will attend one school-wide night event each year. The dates of these events will be communicated at the beginning of the school year by the administration. Teachers are encouraged, but not required to attend other night events. If a teacher is asked to present at a night event, and advanced preparation is necessary, adequate time will be provided outside of the regular teaching and preparation time allotted to prepare for the event. This language is exclusive of teachers who receive a stipend that requires attendance at a night event or teachers that are involved in performances or concerts.
 - g. Beginning with the 2014-15 school year, any bargaining unit member, upon mutual agreement among the Committee, the Association, and the Bargaining Unit Member, may have their starting time and ending time adjusted for the school day provided that the span of consecutive hours in the regular work day is not increased.
2. Nothing herein shall prevent the Committee from scheduling irregular work weeks in unusual circumstances, as, by way of example and not limitation, the energy crisis. The

Committee shall consult with the Association prior to any such change being put into effect.

3. For teachers who travel between buildings during the school day, a reasonable amount of time as determined by the Superintendent shall be scheduled and allowed for breakdown, travel and set up. Each school building shall have a designated parking area for traveling teachers.

C. School Calendar

1. The Committee, through the Superintendent, agrees to consult with the Association, through its president, 30 days before establishing the school calendar.
2. Once the calendar has been established and published, normally no changes will be effected without agreement with the Association through its president, except as provided in C.3.
3. In the event of unusual circumstances necessitating change(s) in the calendar (such as the energy crisis or more than five days of school cancellation), the Committee may adjust the calendar. Before establishing any such calendar adjustments, the Committee agrees to consult with the Association regarding same.

D. Planning Time

The parties, recognizing the need for planning time for all teachers, agree to the following:

1. Secondary and Middle Schools: A daily planning period during the regular school day normally will be scheduled and provided for each teacher. In the event a daily planning period is not so scheduled, the implementation of the schedule will require the approval of the Superintendent. When such a planning period is not provided on a daily basis, an average of one planning period per full work day will be provided for each teacher so affected.
2. Elementary: Elementary teachers will be provided planning time as follows:
 - a. Classroom teachers may leave the classroom for planning purposes when a teaching specialist is scheduled to conduct a class (120 minutes per week). Teaching specialists shall be scheduled comparable time for planning purposes, giving due regard for the differences of their function.
 - b. In addition to the above, elementary planning time will include an average of 105 minutes per week over a five-week cycle provided during elementary release time, superseding any contrary provision in VIIE. Elementary early release day sessions for the purpose of district or school initiatives shall not occur on consecutive weeks.
 - c. Commencing with the 1992-93 school year, the administration shall provide a school year schedule of elementary planning time scheduled for release time by October 1 of each year.
3. Teachers who are required to miss their contractual preparation/planning time due to being asked to cover a class, attend a meeting of a special education IEP team, attend post observation meetings, attend the yearly initial goal setting meeting, attend the yearly mid-year goal setting meeting, attend the yearly end of year goal setting/post evaluation meeting or data collection

meeting shall be compensated for the lost preparation time with an equivalent amount of preparation time.

E. Release Time

1. Whenever the Committee authorizes release time days, said release time shall include but is not limited to the following purposes: teacher inter-building planning; construction of teaching materials; grade-level team meetings; in-service training; and parent conferences.
2. Except when release time is planned by the Superintendent for more than one building, release time use will be planned by the building principal. Prior to the scheduling of release time, the building principal will seek, evaluate, and include where appropriate the recommendations of teachers in his building. Requests by individual teachers for deviation from previously programmed release time shall be submitted to the principal whose approval shall not be unreasonably withheld.

F. Non-teaching duties, when deemed necessary by the principal shall be assigned equitably.

G. In the event that a school building is evacuated or in the event that students are not permitted to enter a building because of emergency conditions, the Superintendent or his designee will determine in each instance whether teachers should be required to enter or re-enter the building.

H. No teacher will be required to obtain a substitute. Teachers may be asked to submit names of possible substitutes.

I. Class Size: It will continue to be the policy of the School Committee to maintain reasonable class sizes at all levels when possible.

J. The following sections of Article VIII will apply to school nurses: A1, A2, A3, B1b, B1d, B2, B3, C1, C2, C3, E1, E2, F, G, H

In the event of a conflict between this collective bargaining agreement and the governing laws and regulations, the laws and regulations will prevail.
- B) The regulatory purposes of evaluation are:

 - iii) To ensure that every school committee has a system to enhance the professionalism and accountability of teachers and administrators that will enable them to assist all students to perform at high levels, 35.01(3); and
 - iv) To assure effective teaching and administrative leadership, 35.01(3).

II. Teacher Assessment Process (TAP)

The principal's decision is subject to review and approval by the superintendent.

-
- B) In order to qualify to apply for a teacher leader position, the Educator must have had a Summative Evaluation performance rating of proficient or exemplary for at least the previous two years.

The teacher may submit a written notation stating his views regarding any material and the same shall be attached to the file copy of the material in question. If the teacher is asked to sign material placed in his file, such signature shall be understood to indicate his awareness of the material, but in no instance shall said signature be interpreted to mean agreement with the content of the material.
- I. No PTS teacher shall be dismissed or disciplined without just cause. No teacher without PTS status who has been teaching in the Reading Public Schools for at least 90 calendar days shall be suspended without just cause.
- K. Evaluation of coaches: Coaches covered by the Agreement will receive a written evaluation and recommendation on rehire from the athletic director within one month after completion of the interscholastic sport. Decisions on rehire will continue to be made in the Spring.

1. Each teacher will be notified in writing of her/ his program for the coming school year, including the school (s) to which he /she will be assigned and the grade (s) and subject (s) he/she will teach no later than the last teaching day of the school year. Written notice of the names of the students assigned to her/him shall be given to the teacher as soon as practicable and under normal circumstances by the close of the preceding school year. Nothing in the preceding sentence shall preclude reasonable reassignment of students when required in the judgment of the Superintendent.
2. No secondary teacher shall be required to teach at any one time more than three (3) different academic courses in more than two (2) different academic subject areas except in those cases where a teacher in at least his second year in Reading and with more than three (3) years of prior teaching experience in or outside the Reading School System is willing to carry more than the above and makes a mutual agreement with the administration for such an exception. Other exceptions to the above may be made by the administration in those areas with a limited student enrollment.
3. In order to assure that students are taught by teachers working within their areas of competence, teachers shall not be assigned involuntarily outside the scope of their teaching certificates and/or their major or minor fields of study and/or reassignment of teachers could be disruptive to the educational process.

B. Transfers

Transfer is defined as movement of a teacher from building to building. The Committee and Association recognize that some transfer of teachers may be desirable and/or necessary. They also recognize that frequent transfer of teachers could be disruptive to the educational process and/or interfere with optimum teacher performance. Therefore, they agree as follows:

1. Request for Transfer

- a. Teachers wishing to be transferred shall so request in writing to the Superintendent at any time during the school year and shall renew such applications annually. All requests will be acknowledged in writing within 30 days after receipt of such request.
- b. The Superintendent shall cause to be posted on the teachers' bulletin board in each school or on the school district website all permanent vacancies in bargaining unit positions, for a minimum of ten (10) calendar days prior to filling the vacancy. A "permanent" vacancy is one which the Reading School District decides to fill 1) for the balance of the school year but not less than one (1) semester or 2) effective the following September 1. Posting shall not prevent the Superintendent from advertising or recruiting applicants from outside the system. The posting shall indicate when the Reading School District expects to permanently fill a permanent vacancy.

2. Involuntary Transfers

- a. When transfers of teachers are necessary, volunteers will be transferred first, on approval of the Superintendent or his designee.
- b. When an involuntary transfer is necessary, a teacher's area of competence and certification, major or minor fields of study and other factors deemed appropriate by the Superintendent or Principal, as the case may be, shall be considered in determining which teacher(s) will be transferred. When all such factors are relatively equal, the least senior teacher, as measured by length of service in the particular school building, will be selected for transfer. Any selection based on least seniority shall not be subject to the grievance and arbitration procedure unless the claim is based on who has the least seniority.
- c. Notice of intent to transfer shall be given to teachers in writing. Before a teacher is transferred involuntarily, he will be given a written statement setting forth in detail the reason for his transfer. Any involuntary transfer shall be made only after a meeting between the teacher involved, appropriate principal(s) and the Superintendent, provided such meeting is requested prior to the date when such transfer is scheduled. The teacher may, at his option, have an Association representative present at the meeting.

C. School Nurses

The provisions of this Article shall not be applicable to School Nurses. The following is applicable to school nurses:

- a. Vacancies in Professional School Nurse positions will be posted for a minimum of 5 days.
- b. The Principal or his/her designee agrees to interview any nurse who has requested in writing a transfer to a vacant position.

- A. For the purposes of this Article, there are two types of promotional positions:
 - Type 1. Any position covered by this Agreement paying a salary differential;
 - Type 2. Any professional or managerial position not covered by this Agreement.
- B. Whenever a vacancy in a promotional position occurs, in the months of September through June, it will be publicized by the Superintendent by means of a notice placed on the bulletin board in every school or on the school district website for a period of not less than ten (10) school days, with a copy mailed to the Association President.

For promotional vacancies occurring between the end of the school year in June and August 15, written notices of any such vacancy will be posted on the school district website and mailed at least ten (10) days prior to the filling of the vacancy to the Association President and to any member of the bargaining unit who leaves stamped, self-addressed envelopes with the Superintendent's office.

In both situations, the qualifications for the position, its duties and the rate of compensation shall be clearly set forth.

Posting requirements under this section can be waived by mutual consent of the Superintendent and President of the Association.

- C. With respect to Type 2 promotional positions, the Reading School District agrees to give due weight to the professional background and attainments of all applicants within and outside the school system, length of service in the Reading School System, and other relevant factors. When in the judgment of the Reading School District all candidates are relatively equal, preference will be given to qualified employees covered by this Agreement, provided that the judgment of the Reading School District shall not be exercised arbitrarily and capriciously.
- D. Each applicant covered by this Agreement not selected for a Type 1 or Type 2 promotional position will, upon request, receive a written explanation from the Superintendent or his designee.

- B. All openings for vacation employment will be adequately publicized by the Superintendent in each school building as early as possible. The estimated number of work days (or hours) involved in vacation employment shall be included on the notice. Applicants for such positions will be notified of the closing date for applications. Employees in the system applying for such positions will be given due consideration, but nothing in the Article shall prevent the Reading School District from hiring outside the school system for vacation employment.
- C. In an attempt to accommodate the needs of teachers and the administration regarding notice of summer employment opportunities, such notice will be posted normally no later than April 1. The administration reserves the right to cancel, modify, add to or subtract from any such summer employment opportunity.

ARTICLE XXI

REIMBURSEMENT FOR TUITION AND OBLIGATORY FEES

During the life of this Agreement the Committee will provide 100 percent reimbursement for tuition and obligatory fees for courses which improve the professional competence of the teacher, subject to the following limitations.

1. The Committee will not reimburse courses of less than two (2) credits in any year.
2. Reimbursable credits in any school year shall be credits taken between September 1 and August 31. Except as provided hereafter, total reimbursement for tuition and obligatory fees shall be \$950.00 per course for up to three courses a year.

For a teacher working on a Master's Degree or other advanced degree approved in advance by the Superintendent, total reimbursement for tuition and obligatory fees shall be \$1500.00 per course for up to three courses a year.

In order to maintain eligibility for such total annual reimbursement for tuition and obligatory fees under the prior sentence, the teacher is to take a minimum of six (6) credits per school year in consecutive years until completing the requirements for the Master's Degree or other advanced degree. The requirement of consecutive years may be waived by the Superintendent due to extenuating circumstances.

There shall be an annual cap on total annual expenditures for tuition reimbursement in any single school year of \$85,000.00. Tuition reimbursement shall be disbursed in the order in which requests are received, subject to approval, until the cap is met.

3. Teachers should notify the Superintendent at the time of enrollment in a graduate course subject to reimbursement for tuition and obligatory fees hereunder. Such notice is not for purposes of approval or disapproval of courses by the Superintendent, but to facilitate record-keeping requirements.
4. Teachers requesting approval for reimbursement for tuition for undergraduate courses, North Shore Consortium Credits, Continuing Education Credits (CEU's), or other professional development course, must do so in writing at the time of enrollment. The written request shall state the reason for requesting the course and indicate its bearing upon their professional work. The Superintendent shall reply in writing within a reasonable time (which at the timely request of the applicant shall be prior to the course commencement) indicating approval or rejection. Only courses which will benefit both the professional growth and development of the teacher and the particular needs of his/her students will be considered. The decision of the Superintendent shall not be subject to challenge.

-
5. Requests for reimbursement for tuition and obligatory fees shall be accompanied by evidence of payment, evidence of satisfactory completion of courses at an accredited institution of higher learning and a statement signed by the applicant indicating any and all rebates, discounts, scholarships or other means by which his or her actual tuition cost was reduced. In no event shall reimbursement for tuition and obligatory fees for any course exceed the net cost to the applicant for the course in question. Reimbursement shall be made within thirty days of receipt of evidence of payment and a transcript from the institution of higher learning indicating satisfactory completion of the course.
 6. The provisions of this Article shall be applicable to School Nurses.

- B. If the Committee decides that reductions in staff are necessary, the Committee will attempt to meet its needs first through attrition.
- C. A teacher with professional teacher status will not be laid off if there is a teacher without professional teacher status whose position the teacher with professional teacher status is qualified to fill.
- D. **Seniority Defined**
 1. Seniority is defined as a professional status teacher's total length of professional service in Reading from the first day for which compensation was received, including service credited by the Reading School system as a permanent substitute and any paid leave. Approved unpaid leaves of absence covered by the FMLA shall be counted toward the accrual of seniority. Leaves of absence not covered by the FMLA shall not constitute a break in service, but shall not count towards accrual of seniority. In no event shall per diem substitute time count toward seniority.
 2. A professional or managerial employee with prior teaching service in Reading shall be deemed to hold seniority for all teaching service and all service in Reading outside the bargaining unit, provided, however, such seniority shall not be exercised unless and until such employee returns to the bargaining unit in lieu of layoff.
 3. In cases involving teachers with the same first day, their relative seniority shall be determined first by horizontal placement on the salary grid and second by chance.

F. RIF Selection Procedures

1. The Superintendent will select for RIF based on inverse seniority among teachers holding professional teacher status pursuant to G.L. Ch. 71, Section 41, presently in force, provided that only qualified teachers are retained within any seniority area. The Superintendent may make exceptions to inverse seniority in unusual circumstances and in doing so shall give due weight to subject area teaching experience in Reading, quality of performance, educational background, and special teaching qualifications within a seniority area.
 - a. The Superintendent may not select a senior teacher for layoff based upon less satisfactory performance or the criteria listed in paragraph 1. Such selection shall be considered as a per se contract violation, notwithstanding the contrary language in paragraph 4 a. Any exception to inverse seniority under paragraph 1

shall be based on the judgment of the Superintendent as applied to the junior teacher who, but for such judgment, would be laid off by inverse seniority, subject to the provisions of paragraph 4. In such event, the next junior teacher in the affected area will be selected for layoff.

2. A seniority list for each seniority area will be compiled normally by October 15 of each school year. A copy will be posted in each school building, and a copy will be given to the Association president.
3. Reduction in force will be effective on the first day of any professional work year. The Superintendent shall notify a teacher affected by RIF in writing by May 15 of the school year preceding the school year in which the reduction is to take place.
4. Any selection for lay-off (or recall) based on seniority shall not be subject to the grievance and arbitration procedure unless the claim is based on a teacher's greater seniority.

Any selection based on criteria other than seniority shall not be subject to the grievance and arbitration procedure unless the claim is based on a teacher's greater seniority.

- a. the use of such other criteria shall not be considered as evidence per se of a contract violation:
- b. the arbitrator shall not substitute his judgment for that of the Superintendent even if the Superintendent made an error in judgment unless the Association establishes that such judgment lacked a rational basis or, even if supported by a rational basis, establishes that such judgment was exercised in bad faith.

G. Recall

1. The senior teacher on layoff who is qualified to fill a permanent vacancy in an area in which he/she held seniority at time of layoff will be recalled first. The Reading School District will not hire from the outside to fill any vacancy so long as teachers who meet the criteria of the preceding sentence retain recall rights.
2. Recall outside of a teacher's seniority area(s) will be considered on an individual basis by the Superintendent in his/her discretion.
3. Recall rights shall be retained for three years from the effective date of layoff unless sooner terminated under the following subsection.
4. Recall rights shall terminate with a rejection of a recall offer under Subsection (1). In the event a teacher's first recall offer is made under Subsection (2) and is rejected, recall rights shall terminate with the rejection of the second recall offer. Recall rights shall terminate unless within 15 calendar days after receipt of a recall notice the teacher notified the Superintendent of his acceptance and reports for work within 30 calendar days after receipt of such a recall notice. Recall offers shall be sent by certified mail to a teacher's last address of record at the Office of the Superintendent of Schools and shall be deemed to have been received not more than four calendar days following date of posting.
5. Upon recall, all rights of the Agreement and benefits to which a teacher was entitled at the time of his/her layoff commenced, including unused accumulated sick leave, will be restored to the teacher upon his/her return. In addition:

-
- a. A recalled teacher shall advance to the next step of the salary schedule upon being recalled.
 - b. A recalled teacher's seniority shall include time spent on recall status.
 - b. A recalled teacher will be assigned to the same position, if available, which he/she held at the time of commencement of layoff.

ARTICLE XXIII

- E. The ASF hereunder shall not exceed RTA dues plus such portion of MTA or NEA affiliated dues as is directly related to negotiating or administering the collective bargaining agreement between the Committee and the RTA. The burden shall be on the MTA and/or the NEA to certify that portion of their dues as complies with this paragraph.
- F. An employee paying the ASF under this Article may obtain from the Association a rebate of a pro rata share of certain Association expenditures, as provided in G.L. c.150E, Section 12.
- G. The Association shall indemnify the Committee for any liability or damage incurred by the Committee as a result of any claim made against it by any employee or group of employees or outside party under this Article.

APPENDIX C

SCHOOL NURSE CONTRACT PROVISIONS

1. CONTRACTING OUT

The Committee agrees that contracting out of nursing services will be allowed in special circumstances such as caring for a medically fragile student, complying with a student's IEP or 504, or accompanying students on field trips to deliver nursing care. The contracting out of nursing services will not result in the layoff of bargaining unit members. If there are any other extenuating circumstances not listed here where all other options have been exhausted and do not result in the layoff of bargaining unit members, the Superintendent may contract out nursing services.
